ENTRY REQUIREMENTS TO THE UNITED STATES

All airline passengers to the United States ages two and older must provide a negative COVID-19 viral test (RT-PCR or antigen test) taken within three calendar days of travel. ECONOMIC IMPACT PAYEMENTS

The Internal Revenue Service (IRS) is the government agency responsible for managing all details of the Economic Impact Payments process. The method by which the IRS may send your Payment coincides with the one used for your tax return and/or prior Payment rounds, which may be through direct deposit or by mail to the Embassy if the address IRS has on file is a Salvadoran address. If you have received a letter from the IRS stating that your check has been mailed to El Salvador, keep in mind that it can take over 90 days or more to arrive at the Embassy. If you have received prior checks through the embassy or have been informed your latest check will be sent that way, you can register with the embassy to be notified by email when the check arrives by filling out this FORM. We will not be able to respond to individual inquiries about each check, but you can rest assured you will be informed when a payment for you arrives at the Unit.

When a U.S. citizen dies in El Salvador, the U.S. Embassy in San Salvador can assist the family and friends during this difficult time. Death is a time of crisis for one’s family and friends no matter where it takes place. If a death occurs overseas, the experience can be even more traumatic, especially if the procedures involved are not clearly understood.

The American Citizen Services (ACS) Unit at the United States Embassy in San Salvador issues a Consular Report of Death Abroad which is an English-language document based on the information contained in the Salvadoran death certificate; it is usually needed by the family to finalize any pending legal matters in the United States such as insurance claims, pensions, or U.S. bank accounts, etc. A Consular Officer will issue twenty original Consular Reports of Death Abroad to the next of kin of the deceased U.S. Citizen, free of charge.

The ACS Unit also notifies the Social Security Administration (SSA) Regional Office in Costa Rica, and the Vital Records Office of the death, if applicable. In order to report the death of a U.S. citizen in El Salvador please send an email to ACSSanSal@state.gov with the following information:

- Copy of U.S. passport of the deceased citizen
- Copy of the Salvadoran Death Certificate
- Contact information and copy of ID of the next-of-kin

We will answer your email within the next two business days and send you detailed instructions to schedule an appointment to pick up the Consular Report of Death Abroad.
